Lord Fox to move that this House declines to approve the draft REACH etc. (Amendment etc.) (EU Exit) Regulations 2019 because Her Majesty's Government has provided insufficient information on the impact of the proposed changes, in particular in relation to (1) the additional responsibilities being transferred to the Health and Safety Executive and its readiness to act as the national regulator; (2) the potential costs for the chemical and advanced manufacturing industries in the United Kingdom; (3) the potential duplication of testing on animals; and (4) the need to uphold environmental protections; and calls on Her Majesty's Government to lay new regulations following full consultation with the chemical, manufacturing and consumer goods industries, and the environmental sector, with the aim of delivering a regulatory regime of the highest standard. *15th and 17th Reports from the Secondary Legislation Scrutiny Committee (Sub-Committee B)*

Lord Berkeley to move that a Humble Address be presented to Her Majesty praying that the Railways (Interoperability) (Amendment) (EU Exit) Regulations 2019 (SI 2019/345), laid before the House on 26 February, be annulled on the grounds of the excessive cost to United Kingdom businesses of operating a potentially diverging range of safety and other railway standards from those of the United Kingdom's largest market, and the failure of Her Majesty's Government to demonstrate any significant benefits; and calls on Her Majesty's Government to lay new regulations that would enable continued compliance with the activities of the European Agency for Rail to provide the best ongoing business opportunities for manufacturers, rail passengers and freight customers in the United Kingdom; continued and consistent safety improvements; and reduced manufacturing costs as a result of one common set of standards across Europe. *20th Report from the Secondary Legislation Scrutiny Committee (Sub-Committee A)*

Lord Whitty to move that this House regrets that the draft REACH etc. (Amendment etc.) (EU Exit) Regulations 2019 fail to fulfil the Prime Minister's intention to maintain the United Kingdom's participation in the European Chemicals Agency, which would have avoided (1) the duplication of registrations and the consequential increased costs to United Kingdom manufacturers, downstream users and importers; (2) the duplication of testing procedures, including animal testing; and (3) the pressure on the resources and expertise of the Health and Safety Executive and the environment agencies, which could increase the risks to United Kingdom citizens' health, and to our environment; and calls on Her Majesty's Government to make continued United Kingdom participation in the European Chemicals Agency and REACH an objective in negotiations with the European Union. *15th and 17th Reports from the Secondary Legislation Scrutiny Committee (Sub-Committee B)*
