Then Lord True moved, as an amendment to the motion, to leave out from first “that” to the end and to insert “this House declines to consider the draft European Union (Withdrawal) Act 2018 (Exit Day) (Amendment) Regulations 2019 until a Report from the Joint Committee on Statutory Instruments on the draft Regulations has been laid before the House, as it is not in accordance with the practice and traditions of the House to consider significant affirmative instruments laid by Her Majesty’s Government without prior consideration by that Committee.” After debate, the amendment was withdrawn. Then Lord Whitty moved, as an amendment to the motion in the name of Lord Gardiner of Kimble, at the end insert “but this House regrets that the draft Regulations fail to fulfil the Prime Minister’s intention to maintain the United Kingdom’s participation in the European Chemicals Agency, which would have avoided (1) the duplication of registrations and the consequential increased costs to United Kingdom manufacturers, downstream users and importers, (2) the duplication of testing procedures, including animal testing, and (3) the pressure on the resources and expertise of the Health and Safety Executive and the environment agencies, which could increase the risks to United Kingdom citizens’ health, and to our environment; and calls on Her Majesty’s Government to make continued United Kingdom participation in the European Chemicals Agency and REACH an objective in negotiations with the European Union”.
