Motions Relating to Delegated Legislation

Lord Rosser to move that this House regrets that the Accreditation of Forensic Service Providers (Amendment) Regulations 2019 (SI 2019/1384) may inappropriately implement European Union legislation; notes concerns that the process may no longer meet the International Organization for Standardization standard and that United Kingdom courts may not accept evidence obtained under the new arrangement; and therefore calls on Her Majesty's Government to withdraw the Regulations until these issues have been addressed. *Special attention drawn to the instrument by the Secondary Legislation Scrutiny Committee, 1st Report*

Baroness Thornton to move that this House regrets that the National Health Service (General Dental Services Contracts and Personal Dental Services Agreements) (Amendment) Regulations 2019 (SI 2019/1445) further extends the piloting of the remuneration scheme for National Health Service dentists; further regrets that after eight years of pilots Her Majesty's Government still feels they have insufficient information; and calls on the Government to conclude the pilot by March 2022. *2nd Report from the Secondary Legislation Scrutiny Committee*

Lord Rosser to move that this House takes note of the Health Protection (Coronavirus, Public Health Information for Passengers Travelling to England) Regulations 2020 (SI 2020/567) and the Health Protection (Coronavirus, International Travel) (England) Regulations 2020 (SI 2020/568). *Special attention drawn to the instrument by the Secondary Legislation Scrutiny Committee, 18th Report*

Lord Hunt of Kings Heath to move that this House regrets that the Health Protection (Coronavirus, International Travel) (England) Regulations 2020 (SI 2020/568) have been laid without making available to Parliament the advice from the Scientific Advisory Group for Emergencies used to inform the development of those Regulations. *Special attention drawn to the instrument by the Secondary Legislation Scrutiny Committee, 18th Report*

Baroness Randerson to move that this House regrets that the Town and Country Planning (Border Facilities and Infrastructure) (EU Exit) (England) Special Development Order 2020 (SI 2020/928) will have considerable implications for the haulage industry and the local areas that these measures will affect, and regrets that the failure of Her Majesty's Government to prepare for Brexit has required these measures to be implemented. *Special attention drawn to the instrument by the Secondary Legislation Scrutiny Committee, 26th Report*

Lord Berkeley to move that this House regrets that the Channel Tunnel (Arrangements with the Kingdom of the Netherlands) Order 2020 does not provide that frontier controls on rail passenger services may take place on moving trains for the benefit and convenience of passengers. *26th Report from the Secondary Legislation Scrutiny Committee*

Lord Falconer of Thoroton to move that this House regrets that the Prosecution of Offences (Custody Time Limits) (Coronavirus) (Amendment) Regulations 2020 do not provide sufficient measures to address the backlog of Crown Court trials; and that this House agrees with the conclusion of the 27th Report of the Secondary Legislation Scrutiny Committee which states that the extension of remand periods "delays justice for both the defendant and the victim and may add to the difficulties that prisons are facing during the pandemic. Extending remand can have extremely detrimental effects on the mental health of the individual and on the welfare of their families". *Special attention drawn to the instrument by the Secondary Legislation Scrutiny Committee, 27th Report*

Lord Foster of Bath to move that this House takes note of the Audiovisual Media Services Regulations 2020 (SI 2020/1062). *Special attention drawn to the instrument by the Secondary Legislation Scrutiny Committee, 30th Report*

Lord Green of Deddington to move that this House regrets that the Statement of changes in Immigration Rules, published on 22 October 2020, does not provide a clear and comprehensible description of the changes proposed, nor of their likely effect. *Special attention drawn to the instrument by the Secondary Legislation Scrutiny Committee, 33rd Report*

Earl Attlee to move that this House regrets that the Road Vehicles (Construction and Use) (Amendment) Regulations 2020 (SI 2020/1178) have no business case because very few commercial operators use unsuitable tyres on a front steering axle and for private operators, and that the cost of compliance with the Regulations would be comparable to the annual cost of insurance of the relevant vehicle. *33rd Report from the Secondary Legislation Scrutiny Committee*

Lord Berkeley to move that this House regrets that the Clean Air Zones Central Services (Fees) (England) Regulations 2020 (SI 2020/1444), in providing for a fixed transaction charge of £2 for local authorities, and in failing to allow local authorities to set charges for vehicles which do not comply with the requirements of Clean Air Zones, do not provide sufficient incentives for local authorities to introduce these charges. *40th Report from the Secondary Legislation Scrutiny Committee*

Lord Green of Deddington to move that this House regrets that the Statement of Changes in Immigration Rules (HC1043), published on 10 December 2020, does not permit a clear understanding of (1) the policy objective, and (2) the intended implementation, of the changes being made to the Rules. *Special attention drawn to the instrument by the Secondary Legislation Scrutiny Committee, 40th Report*

Lord Ponsonby of Shulbrede to move that this House regrets that the Public Health (Coronavirus) (Protection from Eviction) (England) Regulations 2021 only provide protection from eviction for residential tenancies until the end of 21 February 2021, and regrets that these Regulations permit evictions for arrears that have built up since the start of the pandemic, and that a case is deemed to involve substantial rent arrears if the amount of unpaid arrears outstanding is at least equivalent to six months' rent, which contravenes Her Majesty's Government's commitment that nobody would lose their home because of the COVID-19 pandemic. *42nd Report from the Secondary Legislation Scrutiny Committee*

†**Baroness Grender** to move that this House regrets that the Public Health (Coronavirus) (Protection from Eviction) (England) Regulations 2021 do not link protection from evictions automatically to the extension of restrictions in place to address the COVID-19 pandemic and so do not provide long-term security to tenants; further regrets that these Regulations do not take into account factors such as (1) the shortfall between support from Her Majesty's Government and median rents, (2) the level of personal savings held by renters at the start of the pandemic, (3) the loss of income and jobs experienced by private renters during the pandemic compared to mortgage holders, and (4) the high proportion of income spent by renters on housing compared to other tenures, and that these factors have led to renters missing bill payments or reducing spending on food due to their level of debt; and calls on Her Majesty's Government to bring forward a support package that will ensure that private tenants are housed and landlords paid during the COVID-19 pandemic. *42nd Report from the Secondary Legislation Scrutiny Committee*
