Notes:

- *This document sets out the matters for the day's business which the Government Whips' Office coordinates: Speakers' Lists (Companion 4.26), ministerial statements (Companion 6.02) and the grouping of amendments (Companion 8.70).*
- *Time estimates are best endeavours: there is no certainty other than for formally time-limited business. It is the duty of individual members to observe the rules on attendance at debate (Companion 4.32) and, in particular, to ensure that they are present for the start of business in which they wish to take part.*
- *The number of sessions shown for a stage of a bill represents the Government's assessment of reasonable time given the balance of bills and remaining days to the likely end of the session. Progress remains in the hands of the House. Report stage is usually half the length of Committee.*
- *The grouping of amendments is informal. Although every effort is made to secure agreement to groupings, any peer may speak to an amendment in its place on the Marshalled List. "g" before an amendment indicates a Government amendment.*
- *Speaking in debates (Companion 4.34): A member of the House who is taking part in a debate (including general debates and debates on amendments or motions) should attend the start, end and greater part of that debate. In addition, it is considered discourteous for members not to be present for at least the opening speeches, the speeches before and after their own, and for the winding-up speeches. Ministers may decide not to answer, orally or in writing, points made by a speaker who does not stay to hear the Minister's closing speech. Members who believe that they are unlikely to be able to stay until the end of a debate should not seek to participate in it (and if the debate has a speakers' list, should remove their names from the list).*
